In Progress – A volunteer or volunteers are working on this quad and IPANE has received some data from it. If someone is interested in helping with (maybe completing) an “in progress” quad, contact us at ipane@uconn.edu.

Completed – The volunteer(s), feels that the quad's diversity of accessible minimally managed habitats have been surveyed and that the locations on the assignment sheet have been surveyed. We are not “looking” for more data from this quad at this point.
